

# CANCER TALKS:

## Melanoma/Skin Cancer

### MELANOMA ON THE RISE IN BERMUDA

*Bermuda National Tumour Registry*

#### DATES

May 2nd, 2018 | 4:00pm - 6:00pm

May 9th, 2018 | 4:00pm - 6:00pm

May 17th, 2018 | 12:00pm - 6:00pm

#### WHERE

Bermuda Cancer and Health Centre  
46 Point Finger Road

#### WHAT

##### SKIN ANALYSIS READING

People are surprised... to see that their seemingly healthy skin actually has damage that is not yet visible to the naked eye! Using our Skin Analysis Machine, sun damage, dehydration, oily or dry skin can be identified.

**THE SKIN ANALYSIS MACHINE INCORPORATES ULTRAVIOLET LIGHT, WHICH SHOWS THE IMPERFECTIONS, SUN DAMAGE, UNEVEN TEXTURE AND SURFACE DEBRIS THAT INDICATES THE CURRENT AND FUTURE APPEARANCE OF THE SKIN.**
